1 Foreword

HY/T 090-2005 was issued by State Oceanic Administration on 11 November 2005.

The HY/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 11 pages in English translation.

2 Scope Preview

This standard specifies: Pressure wave tide gauges product composition, technical requirements, test methods, inspection rules, as well as labeling, packaging, storage, transportation requirements, This standard applies to: Install the seabed platform, underwater platform or hanging on the sea platform for tidal and wave feature measurement pressure wave tide gauges production, factory inspection and type testing.
