1 Foreword

HY/T 159-2013 was issued by State Oceanic Administration on 25 April 2013 and has been in force since 1 May 2013.

The HY/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 11 pages in English translation.

2 Scope Preview

This standard specifies the calibration items and technical requirements, calibration conditions, method principles, measurement procedures, data processing and recording of the sun photometer. Records and reports. This standard is applicable to the correction of the corresponding voltage response value of the solar irradiance at the upper boundary of the atmosphere by the heliophotometer.

HY/T 159-2013 falls under ICS 07.060; 17.180, in the field of natural and applied sciences.

This catalogue holds 287 other HY/T standards in that field.

In this catalogue, HY/T standards carry edition years from 1992 to 2025.
