What this standard covers

This Standard specifies the tidal energy, tidal energy, wave energy, ocean thermal energy, ocean salinity gradient energy and ocean wind calculation and compilation of statistical methods. This Standard applies to tidal energy, tidal energy, wave energy, ocean thermal energy, ocean salinity gradient energy and ocean energy wind census and statistical calculations.

Document data

International classification (ICS): 07.020; 07.060; 27.180.

Chinese classification (CCS): F14.

Estimated length of the Chinese original: 19,130 words.
