1 Foreword

HY/T 223-2017 was issued by State Oceanic Administration on 21 February 2017 and has been in force since 1 June 2017.

The HY/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 9 pages in English translation.

2 Scope Preview

This standard specifies the medical technical requirements for the selection of submariners of manned submersibles, including. surgery, internal medicine, otolaryngology and stomatology, ophthalmology, Neurology, gynecology (women), auxiliary examinations, special examinations, mental health and psychology, etc. This standard is mainly applicable to the selection of submarines for manned submersibles.
