1 Foreword

HY/T 229-2018 was issued by Ministry of Natural Resources of the People's Republic of China on 13 February 2018 and has been in force since 1 May 2018.

The HY/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 9 pages in English translation.

2 Scope Preview

This standard specifies the confirmation procedures, corroboration content, corroboration methods and requirements for the standard sample structure of marine bioactive substances. This standard applies to the confirmation of the structure of standard samples of marine biological active substances.

HY/T 229-2018 falls under ICS 07.060; 13.020, in the field of natural and applied sciences.

This catalogue holds 287 other HY/T standards in that field.

In this catalogue, HY/T standards carry edition years from 1992 to 2025.

3 About this standard
