1 Foreword

HY/T 240-2018 was issued by Ministry of Natural Resources of the People's Republic of China on 9 July 2018 and has been in force since 1 October 2018.

It is one of 2 parts of the HY/T 240 series.

The HY/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

2 Scope Preview

This standard specifies the security system framework of the marine information cloud computing service platform and the basic ring of the marine information cloud computing service platform. Security, business and data support security and security services. This standard applies to the safe use of the marine information cloud computing service platform, and can also be used as a third-party service organization to carry out the marine information cloud. Guidance for calculating service platform security services.

HY/T 240-2018 falls under ICS 07.060, in the field of natural and applied sciences.

This catalogue holds 287 other HY/T standards in that field.

In this catalogue, HY/T standards carry edition years from 1991 to 2025.

3 Normative references

GB/T 22239-2008 - Information security technology - Baseline for classified protection of information system security

4 Where this standard sits

It cites one other standard, GB/T 22239-2008, listed in full above.

It is one part of the HY/T 240 series, of which this catalogue holds 2 parts.

5 About this standard

Issued by: Ministry of Natural Resources of the People's Republic of China

English translation: about 7 pages

Chinese original: about 10,139 characters

6 Related standards

Other parts of this standard:

HY/T 240.3-2018 - Code for design of recirculating cooling seawater system--Part 3: Requirement of seawater pre-treatment

Standards on related subjects:

GB/T 33673-2017 - Grade of horizontal visibility

DZ/T 0175-2014 - Specifications for Geological Mapping of Coal (1:50000 1:25000 1:10000 1:5000)

HY/T 236-2018 - The requirements of pre-departure physical examination for polar expeditioners

HY/T 232-2018 - Specification for acceptance test of seawater cooling tower

7 Classification and status

International classification (ICS): 07.060

Chinese Standard Classification (CCS): A 45

Prefix HY/T: recommended standard.
