What this standard covers

This standard specifies the type, basic parameters, and technical requirements of two-dimensional movable disc sawing machines used in stone quarries. It describes the corresponding test methods and specifies inspection rules, marking, packaging, transportation, and storage. This standard applies to the manufacture of two-dimensional movable disc sawing machines used in stone quarries for extracting marble, granite, sandstone, and other stone blocks or slabs.

Document data

International classification (ICS): 73.100.99.

Chinese classification (CCS): D99.

Supersedes the earlier edition JB/T 11115-2010.
