What this standard covers

This standard specifies the model, parameters, and technical requirements of hydraulic pile drivers, describes the corresponding test methods, and specifies inspection rules, marking, packaging, transportation, storage, and accompanying documents. This standard applies to the manufacture of hydraulic pile drivers. This standard does not apply to top-pressure pile drivers and sheet pile drivers.

Document data

International classification (ICS): 91.220.

Chinese classification (CCS): P97.

Supersedes the earlier edition JB/T 11674-2013.
