What this standard covers

This standard specifies the types, basic parameters, and technical requirements of ball mills for coal grinding, describes the corresponding test methods, and stipulates inspection rules, marking, packaging, transportation, and storage. This standard applies to the manufacture of ball mills for intermediate storage and hot air conveying pulverizing systems for grinding coal of various hardnesses. This standard does not apply to double-inlet, double-outlet ball mills.

Document data

International classification (ICS): 73.120.

Chinese classification (CCS): D94.

Supersedes the earlier edition JB/T 1386-2010.
