1 Foreword

JB/T 14976-2025 was issued by Ministry of Industry and Information Technology on 17 December 2025 and has been in force since 1 July 2026.

This is a draft translation for reference among interesting stakeholders. The finalized translation (passing through draft translation, self-check, revision and verification) will be delivered upon being ordered.

The JB/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

2 Scope Preview

This document specifies the types, basic parameters and technical requirements for stratified thermal storage devices, describes the corresponding test methods, and specifies the inspection rules, marking, packaging, transportation, storage, accompanying documents, installation and usage requirements. This document is applicable to the

manufacture of stratified thermal storage devices using water as the medium with a thermal storage temperature of 4 °C .detail td { padding: 6px; } .status-font{ color: rgb(153, 153, 153); } .back-back{ background-color: rgb(248, 248, 248); } .menu-bottom{ border-bottom: 1px solid rgb(153, 153, 153); } Go to Cart Standard JB/T 14976-2025 Stratified heat storage device (English)

JB/T 14976-2025 falls under ICS 23.020.99, in the field of fluid systems and general-purpose components.

This catalogue holds 421 other JB/T standards in that field.

In this catalogue, JB/T standards carry edition years from 1967 to 2026.

3 About this standard

Sector: Mechanical & Machinery Industry Standard (Recommended)

Issued by: Ministry of Industry and Information Technology

English translation: about 15 pages (approximate)

4 Related standards

Standards on related subjects:

JB/T 7155-2007 - Wheels for wheeled construction machinery - Technical requirements

JB/T 8816-1998 - Construction machinery - Drive axles - Technical specifications

GB/T 13752-1992 - Design rules for tower cranes

JB/T 14977-2025 - Electric heating unibody heat storage device

5 Classification and status

International classification (ICS): 23.020.99

Chinese Standard Classification (CCS): P 99

Prefix JB/T: recommended standard.
