What this standard covers

This standard specifies the type, basic parameters, and technical requirements of wet concrete spraying trolleys for rock tunnels, describes the corresponding test methods, and specifies inspection rules, marking, packaging, transportation, and storage. This document applies to the manufacture of wet concrete spraying trolleys for rock tunnels in metal mines, non-metal mines, coal mines, railways, highways, and underground engineering projects. The manufacture of other types of wet concrete spraying trolleys for rock tunnels should refer to this standard.

Document data

International classification (ICS): 73.100.10.
