1 Foreword

JB/T 15162-2025 was issued by Ministry of Industry and Information Technology on 19 August 2025 and has been in force since 1 March 2026.

The JB/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the basic parameters and technical requirements for bidirectional and multidirectional forklifts, describes the corresponding test methods, and specifies inspection rules, marking, accompanying documents, transportation, and storage. This standard applies to the manufacture of counterbalance, reach, straddle, and side-mounted ride-on bidirectional and multidirectional forklifts.

JB/T 15162-2025 falls under ICS 53.060, in the field of materials handling equipment.

This catalogue holds 232 other JB/T standards in that field.

In this catalogue, JB/T standards carry edition years from 1967 to 2026.
