1 Foreword

JB/T 15163-2025 was issued by Ministry of Industry and Information Technology on 19 August 2025 and has been in force since 1 March 2026.

The JB/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the basic parameters and technical requirements for three-way stacking forklifts, describes the corresponding test methods, and specifies inspection rules, marking, accompanying documents, transportation, and storage. This standard applies to the manufacture of three-way stacking forklifts with a rated lifting capacity not exceeding 2000kg and with the operator's position either lifting or not lifting.

JB/T 15163-2025 falls under ICS 53.060, in the field of materials handling equipment.

This catalogue holds 232 other JB/T standards in that field.

In this catalogue, JB/T standards carry edition years from 1967 to 2026.
