1 Foreword

JB/T 15329-2025 was issued by Ministry of Industry and Information Technology on 17 December 2025 and has been in force since 1 July 2026.

The JB/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the model, type, basic parameters, operating conditions, and technical requirements of molding machines for plant fiber (pulp) molded products. It describes the corresponding test methods and specifies inspection rules, labeling, packaging, transportation, and storage. This standard applies to the manufacture of molding machines for plant fiber (pulp) molded products using in-mold drying.

JB/T 15329-2025 is filed under Chinese Standard Classification J83, in the field of machinery.

This catalogue holds 16,018 other JB/T standards without an ICS number.

In this catalogue, JB/T standards carry edition years from 1967 to 2026.

3 About this standard

Sector: Mechanical & Machinery Industry Standard (Recommended)

Issued by: Ministry of Industry and Information Technology

English translation: about 15 pages (approximate)

4 Related standards

Standards on related subjects:

GB/T 18849-2023 - Powered industrial trucks - Brake performance and component strength

GB/T 10827.3-2022 - Industrial trucks - Safety requirements and verification - Part 3:
