1 Foreword

JB/T 15357-2025 was issued by Ministry of Industry and Information Technology on 17 December 2025 and has been in force since 1 July 2026.

The JB/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the type, basic parameters, and technical requirements for wedge digital feeler gauges, provides the corresponding testing methods, and specifies the requirements for inspection rules, marking, labeling, accompanying documents, packaging, transportation, and storage. This standard applies to the manufacture of wedge digital feeler gauges with a resolution of 0.01 mm and an upper limit of 40 mm for the measuring range.

JB/T 15357-2025 falls under ICS 17.040.30, in the field of metrology and measurement.

This catalogue holds 163 other JB/T standards in that field.
