1 Foreword

JB/T 15360-2025 was issued by Ministry of Industry and Information Technology on 17 December 2025 and has been in force since 1 July 2026.

The JB/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the terminology and definitions for submersible reflux pumps, specifies the type, model, basic parameters, and technical requirements, describes the corresponding test methods, and stipulates inspection rules, marking, packaging, transportation, and storage. This standard applies to the manufacture of submersible reflux pumps for agricultural irrigation and drainage, urban sewage, industrial wastewater, and other slurry circulation transportation.

JB/T 15360-2025 falls under ICS 65.060.35, in the field of agriculture.
