5.3 Safety accessories
5.4 Static evaporation rate
6 Test methods
7 Inspection rules
8 Marking, packaging, transportation and storage

1 Foreword

JB/T 15386-2025 was issued by Ministry of Industry and Information Technology on 17 December 2025 and has been in force since 1 July 2026.

This is a draft translation for reference among interesting stakeholders. The finalized translation (passing through draft translation, self-check, revision and verification) will be delivered upon being ordered.

The JB/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

2 Scope Preview

This document specifies the types, basic parameters and technical requirements for liquid nitrogen refrigeration devices for freezing and cold storage, describes the corresponding test methods, and specifies the inspection rules, marking, packaging, transportation and storage. This document is applicable to the manufacture of refrigeration devices using liquid nitrogen as the refrigerant for freezing and cold storage applications.

JB/T 15386-2025 is filed under Chinese Standard Classification J73, in the field of machinery.

This catalogue holds 16,018 other JB/T standards without an ICS number.

In this catalogue, JB/T standards carry edition years from 1967 to 2026.

3 About this standard

Sector: Mechanical & Machinery Industry Standard (Recommended)

Issued by: Ministry of Industry and Information Technology

English translation: about 15 pages (approximate)

4 Related standards

Standards on related subjects:

JB/T 12843-2016 - Centrifugal refrigerant compressors

GB/T 17758-2010 - Unitary air conditioners

GB/T 18362-2008 - Direct-fired lithium bromide absorption water chiller (heater)

JB/T 15385-2025 - Thermo-siphon evaporator for air conditioning and refrigeration equipment

JB/T 15384-2025 - Reservoir for thermo-siphon oil cooling system for air conditioning and refrigeration

JB/T 15383-2025 - Magnetic bearing centrifugal refrigerant compressors

5 Classification and status

Chinese Standard Classification (CCS): J 73

Prefix JB/T: recommended standard.
