1 Foreword

JB/T 15387-2025 was issued by Ministry of Industry and Information Technology on 17 December 2025 and has been in force since 1 July 2026.

This is a draft translation for reference among interesting stakeholders. The finalized translation (passing through draft translation, self-check, revision and verification) will be delivered upon being ordered.

The JB/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a

producer declares conformity with it.

2 Scope Preview

This document specifies the types, basic parameters and technical requirements for scroll single-machine two-stage refrigerant compressors, describes the corresponding test methods, and specifies the inspection rules, marking, packaging, transportation and storage. This document is applicable to the manufacture of scroll single-machine two-stage refrigerant compressors. This document is not applicable to compressors using R744 as the refrigerant.

JB/T 15387-2025 is filed under Chinese Standard Classification J73, in the field of machinery.

This catalogue holds 16,018 other JB/T standards without an ICS number.

In this catalogue, JB/T standards carry edition years from 1967 to 2026.

3 About this standard

Sector: Mechanical & Machinery Industry Standard (Recommended)

Issued by: Ministry of Industry and Information Technology

English translation: about 15 pages (approximate)

4 Related standards

Standards on related subjects:

JB/T 12843-2016 - Centrifugal refrigerant compressors

GB/T 17758-2010 - Unitary air conditioners

GB/T 18362-2008 - Direct-fired lithium bromide absorption water chiller (heater)

JB/T 15385-2025 - Thermo-siphon evaporator for air conditioning and refrigeration equipment

JB/T 15384-2025 - Reservoir for thermo-siphon oil cooling system for air conditioning and refrigeration

JB/T 15383-2025 - Magnetic bearing centrifugal refrigerant compressors

5 Classification and status

Chinese Standard Classification (CCS): J 73

Prefix JB/T: recommended standard.
