Foreword

JB/T 15446-2026 is a recommended industry standard of the People's Republic of China in the Machinery sector, approved and issued by the Ministry of Industry and Information Technology on 28 April 2026, with effect from 2 November 2026.

It is administered by the National Technical Committee for Agricultural Machinery Standardization.

Classification: ICS 65.060.40; CCS B91.

1 Scope

JB/T 15446-2026 deals with closed cabs for crop protection equipment, such as the enclosed operator cab of a sprayer. It is part of the family of standards for plant protection machinery and sets out the requirements for the cab as a product.

The standard is used by manufacturers of crop protection machinery and of cabs, by buyers who specify machines with an enclosed operator station, and by testing bodies that verify the cab. It is a voluntary industry standard (JB/T), issued by the Ministry of Industry and Information Technology on 28 April 2026 and effective from 2 November 2026. It is a new standard.
