Foreword

JB/T 15541-2026 is a recommended industry standard of the People's Republic of China in the Machinery sector, approved and issued by the Ministry of Industry and Information Technology on 13 February 2026, with effect from 1 September 2026.

It is administered by the National Technical Committee for Special Processing Machine Tools Standardization.

Classification: ICS 25.080.99; CCS J59.

1 Scope

The document sets out technical specifications for laser drilling machines, which are machine tools that use a laser beam to make holes in workpieces. JB/T 15541-2026 treats them as a product within the special processing machine tool field.

It is intended for manufacturers of laser drilling machines, for users in industries that need laser-drilled parts, for purchasers and for laboratories or inspectors who check the machines. It is a voluntary standard (code with /T). The Ministry of Industry and Information Technology approved it; it was issued on 13 February 2026 and takes effect on 1 September 2026. It is a new standard.
