Foreword

JB/T 15543-2026 is a recommended industry standard of the People's Republic of China in the Machinery sector, approved and issued by the Ministry of Industry and Information Technology on 13 February 2026, with effect from 1 September 2026.

It is administered by the Machinery Industry Technical Committee for Food Machinery Standardization (CMIF/TC 14).

Classification: ICS 67.260; CCS X99.

1 Scope

This food machinery standard covers bake-cake production lines, that is, the connected equipment that bakes cake on a hot surface in a continuous production process. JB/T 15543-2026 treats the line as a product and addresses it as a whole.

It is addressed to makers of cake and bakery production lines, food factories that purchase and operate them, and the testers and inspectors who assess them. It is a voluntary standard (code with /T). The Ministry of Industry and Information Technology approved it; it was issued on 13 February 2026 and takes effect on 1 September 2026. It is a new standard.
