Foreword

JB/T 15616-2026 is a recommended industry standard of the People's Republic of China in the Machinery sector, approved and issued by the Ministry of Industry and Information Technology on 1 June 2026, with effect from 1 December 2026.

It is administered by the National Technical Committee for Construction Machinery and Equipment Standardization.

Classification: ICS 91.220; CCS P97.

1 Scope

JB/T 15616-2026 applies to road cleaning machines, a kind of road construction and road maintenance machinery used to clean pavement surfaces. It sets out the machine as a product, with the requirements it must meet and the methods for checking them.

Machinery manufacturers, road construction and maintenance contractors, highway and municipal departments that buy such equipment, and inspection bodies can all rely on it. It is voluntary. The Ministry of Industry and Information Technology issued the approval. The standard was issued on 1 June 2026 and takes effect on 1 December 2026. It is a new standard.
