What this standard covers

This standard specifies the types and technical requirements of steel conduit wiring accessories for explosion-proof electrical equipment, describes the corresponding test methods, and specifies inspection rules and marking requirements. This standard applies to the manufacture of steel conduit wiring accessories (including boxes and connectors without exposed live parts) for explosion-proof electrical equipment in explosive gas atmospheres.

Document data

International classification (ICS): 29.260.20.

Chinese classification (CCS): K25.

Supersedes the earlier edition JB/T 9599-1999.
