1 Foreword

JC/T 1002-2018 was issued by Ministry of Industry and Information Technology on 22 October 2018 and has been in force since 1 April 2019.

It replaces the earlier edition JC/T 1002-2006.

2 Scope

This standard specifies the schematic diagram, model, marking examples and basic parameters, technical requirements, test methods, inspection rules and marking, packaging, transportation and storage of the three air locks for the cement industry. This standard applies to cement, metallurgy, mining and other industries with a viscosity of less than 12% of the raw material feed lock device.

3 About this standard

Issued by: Ministry of Industry and Information Technology

English translation: about 7 pages

Chinese original: about 9,988 characters

Supersedes the earlier edition JC/T 1002-2006.

4 Classification and status

International classification (ICS): 91.11

Chinese Standard Classification (CCS): Q 92

Prefix JC/T: recommended standard.
