1 Foreword

JC/T 1035-2007 was issued by Ministry of Industry and Information Technology on 29 May 2007 and has been in force since 1 November 2007.

The JC/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 7 pages in English translation.

2 Scope Preview

This standard specifies the terms and definitions of prestressed concrete cylinder pipe mold, classification, requirements, test methods, inspection rules and signs, packaging, transport and storage. This standard applies to prestressed concrete cylinder pipe pipe
