1 Foreword

JC/T 1054-2007 was issued by Ministry of Industry and Information Technology on 22 September 2007 and has been in force since 1 April 2008.

The JC/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 7 pages in English translation.

2 Scope Preview

This standard specifies the determination of the sintered brick products increase the amount of waste blending. Bottom ash coal-fired boilers and other industrial waste mixing amount of determination, phosphorous slag, This standard applies to the sintered product
