1 Foreword

JC/T 1082-2008 was issued by Ministry of Industry and Information Technology on 16 June 2008 and has been in force since 1 December 2008.

The JC/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 5 pages in English translation.

2 Scope Preview

This standard specifies the decorative stone open pit deposit, geological prospecting, mine construction and production requirements, mine design. This specification applies to decorative purposes granite, marble, slate and sandstone natural stone open pit mine.
