1 Foreword

JC/T 1089-2008 was issued by Ministry of Industry and Information Technology on 16 June 2008 and has been in force since 1 December 2008.

The JC/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 1 pages in English translation.

2 Scope Preview

This standard specifies the method of analysis of granulated furnace slag chemistry of phosphorus -based approach and generation of usage. In case of dispute, the reference method to prevail. This standard applies to the building materials industry with granulated

phosphorus furnace slag and other materials specified in this standard.

JC/T 1089-2008 falls under ICS 91.100.10, in the field of construction materials and building.

This catalogue holds 579 other JC/T standards in that field.

In this catalogue, JC/T standards carry edition years from 1973 to 2026.

3 About this standard

Issued by: Ministry of Industry and Information Technology

Adopted international standard: EN 196-2-2005, NEQ; ASTM C114-2005, NEQ

English translation: about 1 pages

Chinese original: about 1,118 characters
