1 Foreword

JC/T 2015-2010 was issued by Ministry of Industry and Information Technology on 22 November 2010 and has been in force since 1 March 2011.

2 Scope

This standard specifies the terms and definitions, principle, apparatus and instruments, test procedures and result calculation regarding the test method for evaluating aging behavior of tetragonal zirconia polycrystallines. This standard is applicable to tetragonal zirconia polycrystallines.

3 Normative references

GB/T 10586 - Specifications for damp heat testing chambers

JJG/T 629 - Verification regulation for polycrystalline X-ray diffractometer

4 About this standard

Issued by: Ministry of Industry and Information Technology

English translation: about 4 pages

Chinese original: about 6,675 characters

5 Classification and status

International classification (ICS): 81.060.20
