1 Foreword

JC/T 2043-2011 was issued by Ministry of Industry and Information Technology on 20 December 2011 and has been in force since 1 July 2012.

The JC/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 5 pages in English translation.

2 Scope Preview

This standard specifies the fired brick automated control system (hereinafter referred to as automated control systems) type and model, technical requirements, acceptance requirements, inspection rules and signs, packaging, transport and storage. This standard

https://chinastandards.org/standards/jc-t-2043-2011

applies to fired brick automated control systems.

JC/T 2043-2011 falls under ICS 91.110, in the field of construction materials and building.

This catalogue holds 579 other JC/T standards in that field.

In this catalogue, JC/T standards carry edition years from 1973 to 2026.

3 About this standard

Issued by: Ministry of Industry and Information Technology

English translation: about 5 pages

Chinese original: about 7,741 characters

4 Related standards

Standards on related subjects:

JC/T 2034-2025 - Automatic hydraulic press for autoclaved bricks

JC/T 2044-2011 - Exit-end tractor used in wall material industry

JC/T 2042-2011 - General technical specifications of automatic control system in sintered brick producing field

5 Classification and status

International classification (ICS): 91.110

Chinese Standard Classification (CCS): Q 91

Prefix JC/T: recommended standard.
