1 Foreword

JC/T 2083-2011 was issued by Ministry of Industry and Information Technology on 20 December 2011 and has been in force since 1 July 2012.

The JC/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 6 pages in English translation.

2 Scope Preview

This standard specifies the terms and definitions architectural interior water-based inorganic powder materials, classification and labeling, requirements, test methods, inspection rules and signs, packaging, transport and storage. This standard applies to
