1 Foreword

JC/T 2225-2014 was issued by Ministry of Industry and Information Technology on 6 May 2014 and has been in force since 1 October 2014.

The JC/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 7 pages in English translation.

2 Scope Preview

This Standard specifies the terms and definitions, type, model, mark and basic parameters of pre-tensioned prestressed concrete steel centrifugal square pile, requirements, test methods, inspection rules, marking, packaging, storage and transport. This St
