1 Foreword

JC/T 2239-2014 was issued by Ministry of Industry and Information Technology on 14 October 2014 and has been in force since 1 April 2015.

The JC/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 8 pages in English translation.

2 Scope Preview

This Standard specifies the centrifugal concrete piles prestressed hollow square end plates terms and definitions, specifications and labeling requirements, test methods, inspection rules, signs and product certification and storage, packaging and transpo
