1 Foreword

JC/T 2281-2025 was issued by Ministry of Industry and Information Technology on 19 August 2025 and has been in force since 1 March 2026.

It replaces the earlier edition JC/T 2281-2014.

2 Scope

This standard specifies the classification and marking, raw materials, technical requirements, mix design, preparation and transportation, test methods, inspection rules, and ordering and delivery of inorganic mixtures of recycled aggregates from construction waste for road use. This document applies to recycled mixtures used in the base and subbase layers of urban roads.

3 About this standard

Issued by: Ministry of Industry and Information Technology

Supersedes the earlier edition JC/T 2281-2014.

4 Classification and status

International classification (ICS): 91.100.99

Chinese Standard Classification (CCS): Q 24

Prefix JC/T: recommended standard.
