1 Foreword

JC/T 2283-2014 was issued by Ministry of Industry and Information Technology on 24 December 2014 and has been in force since 1 June 2015.

The JC/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 7 pages in English translation.

2 Scope Preview

This Standard specifies the terms and definitions slag glass pipe, product marking, technical requirements, test methods, inspection rules and signs, packaging, transportation and storage. This Standard applies to mining, electricity, chemical industry, m

JC/T 2283-2014 falls under ICS 81.030.40, in the field of glass and ceramics industries.

This catalogue holds 206 other JC/T standards in that field.

In this catalogue, JC/T standards carry edition years from 1973 to 2026.

3 About this standard

Issued by: Ministry of Industry and Information Technology

English translation: about 7 pages
