1 Foreword

JC/T 2297-2014 was issued by Ministry of Industry and Information Technology on 24 December 2014 and has been in force since 1 June 2015.

The JC/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 7 pages in English translation.

2 Scope Preview

This Standard specifies the terms and definitions in the snow and ice artificial light irradiation test methods, test equipment, test methods and test reports. This Standard applies to the evaluation of winter in building materials and building components
