1 Foreword

JC/T 2339-2024 was issued by Ministry of Industry and Information Technology on 24 October 2024 and has been in force since 1 May 2025.

It replaces the earlier edition JC/T 2339-2015.

2 Scope

This standard specifies the classification and marking, general rules, technical requirements, test methods, inspection rules, packaging, marking, transportation and storage of phase change energy storage materials and components for floor heating. This standard applies to materials and components with phase change energy storage functions used in conjunction with floor heating construction.

3 About this standard

Issued by: Ministry of Industry and Information Technology

English translation: about 11 pages

Chinese original: about 16,130 characters

Supersedes the earlier edition JC/T 2339-2015.

4 Classification and status

International classification (ICS): 91.100.99-????????????

Chinese Standard Classification (CCS): Q 22
