1 Foreword

JC/T 2345-2015 was issued by Ministry of Industry and Information Technology on 14 July 2015.

2 Scope

This Standard specifies the requirements for the terms and definitions of fine ceramics at room temperature wear resistance, the principles, instruments, test methods and test reports. This Standard applies to testing of fine ceramic material wear, abrasion test other high wear-resistant composite material may be performed with reference to this method.

3 About this standard

Issued by: Ministry of Industry and Information Technology

English translation: about 4 pages

Chinese original: about 6,633 characters

4 Classification and status

International classification (ICS): 81.060.30

Chinese Standard Classification (CCS): Q 32

Prefix JC/T: recommended standard.
