1 Foreword

JC/T 2395-2017 was issued by Ministry of Industry and Information Technology on 12 April 2017 and has been in force since 1 October 2017.

The JC/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 4 pages in English translation.

2 Scope Preview

This standard specifies the term nepheline syenite powder (sand) terms and definitions, product classification, technical requirements, test methods, inspection rules and signs, packaging, transportation and storage. This standard applies to the production of ceramics and glass with nepheline syenite powder (sand).

JC/T 2395-2017 falls under ICS 81.060.10, in the field of glass and ceramics industries.

This catalogue holds 206 other JC/T standards in that field.

In this catalogue, JC/T standards carry edition years from 1973 to 2026.
