1 Foreword

JC/T 2401-2017 was issued by Ministry of Industry and Information Technology on 12 April 2017 and has been in force since 1 October 2017.

The JC/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 7 pages in English translation.

2 Scope Preview

This standard specifies the terms and definitions, classification and marking, technical requirements, test methods, inspection rules and signs, packaging, transportation and storage of transparent electro-optic ceramics for electro-optic modulators. This standard applies to electro-optical switches, variable optical attenuators, optoisolators, goggles and other electro-optical modulation devices used in the transparent electro-optical ceramics.

JC/T 2401-2017 is filed under Chinese Standard Classification Q 32, in the field of building materials.

This catalogue holds 931 other JC/T standards without an ICS number.

In this catalogue, JC/T standards carry edition years from 1973 to 2026.

3 About this standard

Issued by: Ministry of Industry and Information Technology

English translation: about 7 pages

Chinese original: about 10,188 characters

4 Related standards

Standards on related subjects:

JC/T 848.1-2010 - Alumina grinding ball

GB/T 8489-2006 - Test method for compressive strength of fine ceramics (advanced ceramics, advanced technical ceramics)

GB/T 6569-2006 - Fine ceramics (advanced ceramics, advanced technical ceramics) - Test method for flexural strength of monolithic ceramics at room temperature

JC/T 2402-2017 - Liquid-phase sintered silicon carbide ceramics seal ring for ships

JC/T 2398-2017 - Aging-performance test method of composite-oxides ceramic powder for purification of automotive vehicle exhaust

JC/T 2396-2017 - Wall-flow honeycomb ceramics for diesel particulate filters

5 Classification and status

Chinese Standard Classification (CCS): Q 32

Prefix JC/T: recommended standard.
