1 Foreword

JC/T 2432-2017 was issued by Ministry of Industry and Information Technology on 7 November 2017 and has been in force since 1 April 2018.

The JC/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 6 pages in English translation.

2 Scope Preview

This standard specifies the terms and definitions, specifications, classifications and markings, general requirements, technical requirements, test methods, inspection rules and signs, packaging, transportation and storage of foam concrete insulation decorative boards

(hereinafter referred to as insulation decorative boards). This standard is applicable to foam concrete insulation decorative panels for exterior wall thermal insulation of buildings.

JC/T 2432-2017 falls under ICS 91.100.60, in the field of construction materials and building.

This catalogue holds 579 other JC/T standards in that field.

In this catalogue, JC/T standards carry edition years from 1973 to 2026.

3 About this standard

Issued by: Ministry of Industry and Information Technology

English translation: about 6 pages

Chinese original: about 8,899 characters
