1 Foreword

JC/T 2447-2018 was issued by Ministry of Industry and Information Technology on 30 April 2018 and has been in force since 1 September 2018.

The JC/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 7 pages in English translation.

2 Scope Preview

This standard specifies the structure, classification, model, marking and basic parameters, requirements, test methods, inspection rules and marking, packaging, transportation and storage of pneumatic conveying equipment for bulk building materials.
