1 Foreword

JC/T 2474-2018 was issued by Ministry of Industry and Information Technology on 22 October 2018 and has been in force since 1 April 2019.

The JC/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 7 pages in English translation.

2 Scope Preview

This standard specifies the terms and definitions, classification and marking, general requirements, technical requirements, test methods, inspection rules, and packaging, marking, transportation and storage of mechanically sprayed plaster. This standard applies to gypsum materials used for mechanical spraying of plasters on walls and ceilings in non-humid environments in buildings.

JC/T 2474-2018 is filed under Chinese Standard Classification Q 17, in the field of building materials.

This catalogue holds 931 other JC/T standards without an ICS number.

In this catalogue, JC/T standards carry edition years from 1973 to 2026.
