1 Foreword

JC/T 2479-2018 was issued by Ministry of Industry and Information Technology on 22 October 2018 and has been in force since 1 April 2019.

The JC/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 8 pages in English translation.

2 Scope Preview

This standard specifies the terms and definitions, classification and marking, raw materials, requirements, test methods, inspection rules and product certification, packaging, stacking and transportation of cement-based composite insulation boards. This standard applies to wall and roof insulation projects for industrial and civil buildings and cement-based composite insulation boards for floor radiant heating insulation.

JC/T 2479-2018 is filed under Chinese Standard Classification Q 14, in the field of building materials.

This catalogue holds 931 other JC/T standards without an ICS number.

In this catalogue, JC/T standards carry edition years from 1973 to 2026.
