1 Foreword

JC/T 2482-2018 was issued by Ministry of Industry and Information Technology on 22 October 2018 and has been in force since 1 April 2019.

The JC/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 20 pages in English translation.

2 Scope Preview

This standard specifies the terms and definitions, classification, code and marking, raw materials, requirements, test methods, inspection rules and product quality certificates, instructions for use, signs, transportation and storage of self-insulating concrete sandwich panels. This standard applies to industrial and civil self-insulating concrete sandwich wall panels, mainly including self-insulating concrete sandwich load-bearing wall panels and self-insulating concrete sandwich non-load-bearing wall panels.

JC/T 2482-2018 is filed under Chinese Standard Classification Q 14, in the field of building materials.

This catalogue holds 931 other JC/T standards without an ICS number.

In this catalogue, JC/T standards carry edition years from 1973 to 2026.
