1 Foreword

JC/T 2502-2018 was issued by Ministry of Industry and Information Technology on 21 December 2018 and has been in force since 1 July 2019.

The JC/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 6 pages in English translation.

2 Scope Preview

This standard specifies the terms and definitions, specifications and categories, technical requirements, test methods, inspection rules, marking, storage and transportation of river dredging sand for concrete. This standard applies to sand for concrete and its products in construction projects.

JC/T 2502-2018 is filed under Chinese Standard Classification Q 13, in the field of building materials.

This catalogue holds 931 other JC/T standards without an ICS number.

In this catalogue, JC/T standards carry edition years from 1973 to 2026.
