1 Foreword

JC/T 2691-2022 was issued by Ministry of Industry and Information Technology on 30 September 2022 and has been in force since 1 April 2023.

The JC/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 11 pages in English translation.

2 Scope Preview

This standard specifies the evaluation process, evaluation requirements, preparation method of product life cycle evaluation report, evaluation method and label for green design product evaluation of road building products. The standard comprehensively evaluates the green design products of sintered and non-sintered road building products from three parts: basic requirements, evaluation index requirements, and life cycle evaluation.

JC/T 2691-2022 carries no ICS number and no Chinese Standard Classification code.

This catalogue holds 1,909 other JC/T standards.

Of the 978 JC/T standards that do carry an ICS number, 580 (59%) fall under ICS 91, in the field of construction materials and building.
