1 Foreword

JC/T 2735-2023 was issued by Ministry of Industry and Information Technology on 20 December 2023 and has been in force since 1 July 2024.

The JC/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 7 pages in English translation.

2 Scope Preview

This standard specifies the terms and definitions, raw materials, technical requirements, test methods, inspection rules and transportation of steel slag asphalt mixture. This standard applies to hot mix asphalt mixtures for highway engineering surface layers.

JC/T 2735-2023 carries no ICS number and no Chinese Standard Classification code.

This catalogue holds 1,909 other JC/T standards.

Of the 978 JC/T standards that do carry an ICS number, 580 (59%) fall under ICS 91, in the field of construction materials and building.

3 About this standard

Issued by: Ministry of Industry and Information Technology
