1 Foreword

JC/T 2767-2023 was issued by Ministry of Industry and Information Technology on 20 December 2023 and has been in force since 1 July 2024.

The JC/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the classification, raw materials and structure, general requirements, technical requirements, test methods, inspection rules, marking, storage and transportation, and product certificates of high-performance concrete poles. This standard
