1 Foreword

JC/T 2788-2023 was issued by Ministry of Industry and Information Technology on 20 December 2023 and has been in force since 1 July 2024.

The JC/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 7 pages in English translation.

2 Scope Preview

This standard specifies the terms and definitions, classification and labeling, raw materials, requirements, test methods, inspection rules and product certificates, packaging, stacking and transportation of graphite modified cement-based insulation boards. This standard applies to graphite-modified cement-based insulation boards for wall, roof and ground insulation projects, disassembly-free composite insulation formwork and fire doors of industrial and civil buildings.

JC/T 2788-2023 is filed under Chinese Standard Classification Q 14, in the field of building materials.

This catalogue holds 931 other JC/T standards without an ICS number.

In this catalogue, JC/T standards carry edition years from 1973 to 2026.
